### Learning Preference Survey

We are contacting families to find out your preference for your child's learning experience this fall. Please note all students will start the school year on August 27 in Remote Learning. We will continue to monitor the COVID-19 cases and update our plans to reflect local and state health guidance. Should the circumstances allow, we will offer an in-person learning option which would be available starting on September 29. For planning purposes, we ask that families indicate their preference for their child to either continue with Remote Learning or begin in-person Learning as of September 29. Currently, we anticipate the following options:

1. Remote Learning - Select this option if you are deciding that your child will continue engaging in District 65 remote learning at home and not attending school in person. Considerations will be given for socialization and interacting with their classmates as part of their virtual experience.
2. In-person Learning - Select this option if you are deciding that your child will attend school in person, starting on September 29th, with Illinois State Board of Education / Illinois Department of Public Health recommended safety measures employed, such as wearing a mask, practicing social distancing, frequent cleaning of surfaces, and other practices. In-person learning will be Tuesdays-Fridays, with Mondays being remote learning at home. If there are more children who select in person learning than the facility can safely accommodate, we may need to implement alternative schedules.

For your child, Benita Hill, which option would you prefer for the 2020-2021 school year - remote learning or in person learning?

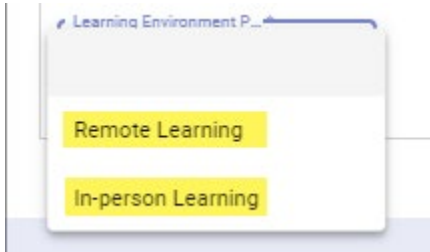

Please indicate your preference by selecting it from the drop-down menu below. (the drop down options are: remote learning or in-person learning)
