

PowerSchool Parent Portal Login Instructions

PowerSchool Parent Portal gives parents and students access to real-time information including attendance, grades and detailed assignment descriptions, school bulletins, and even personal messages from the teacher.

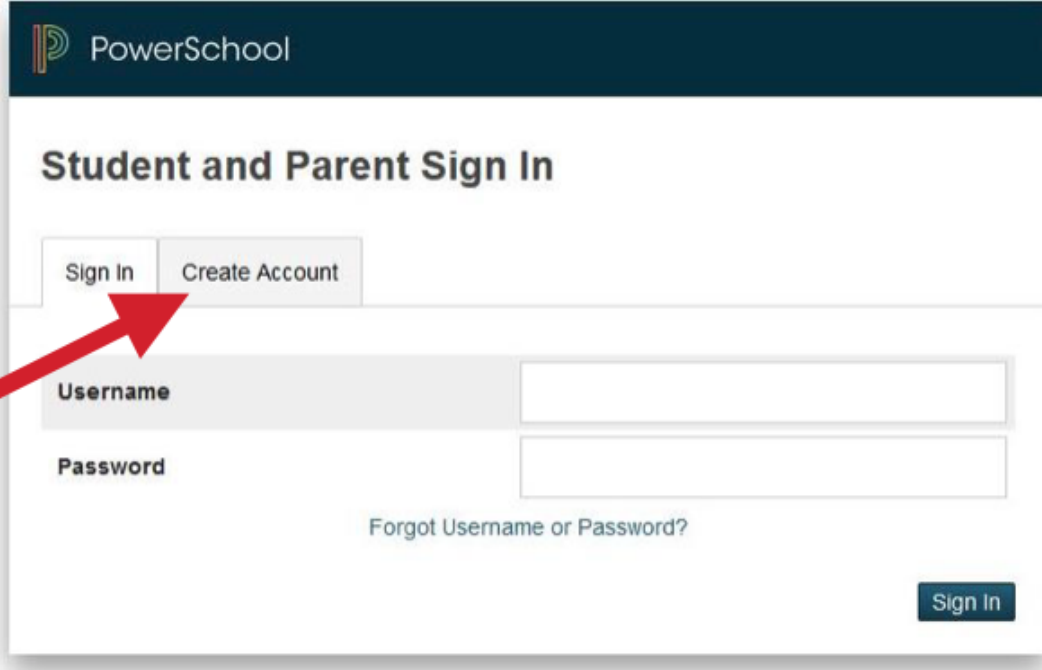

A complete Parent Portal user guide is available for download on the 'Family Resources' tab of the D65 website.

STEP 1 – Collect your child's Access ID and Password from the Student Assignment, Registration, and Records Department by emailing parents@district65.net.

NOTE: If you have multiple children, you will need multiple Access IDs and passwords as you will have to add each of them to your parent portal. If you encounter any problems logging in, or have forgotten your password, please email us at parents@district65.net.

STEP 2 – Open a browser window and type in the Parent Portal web address: <https://district65.powerschool.com/public>

STEP 3 – Click on the "Create Account" button and you will be redirected to the account creation page.

If you forgot your Password:

Fill in your Username

Fill in your Email Address

Click Enter

The system will send you instructions on how to reset your Password to the Email address listed in the account. It is important to note that the reset link is only good for 30 minutes. If you fail to reset the Password in that allotted time, you will need to repeat the process.

If you forgot your Username:

Click on the Forgot Username tab

Enter your Email Address

Click Enter

The system will authenticate your information and send you an Email listing your Username.
