

2.8.22 NEIGHBORHOOD THOUGHTS Q1 BPAC

Evanston/Skokie School District 65

Q1 Given the reality, how do you prioritize between student diversity and equitable access to neighborhood schools?, e.g., having a school near to where you live

bilingual families TWI schools must be located in the neighborhoods of bilingual families

Ranked #1 of 19

Diversity would be great but not if students of color are not benefiting academically

3.7  (4 )
Ranked #2 of 19

My priority is equitable access to neighborhood schools with the necessary services all students require in that school.
It's not fair that my kids have to go to a far away school just to get the language services that they need.

All kids should have access to walk to their school So important for community building

3.6  (4 )
Ranked #4 of 19

the most important will be having siblings together.

3.6  (4 )
Ranked #5 of 19

Hard Q. I think everyone deserves a walkable schl. Should not be burden of kids in 5th ward to bus to other neighborhoods. Builds community, saves time for families, better for the earth.

3.6  (3 
Ranked #6 of 19

It's closer for us to walk to a school that is not assigned to us because of where the line is drawn Please fix that

3.6  (3 
Ranked #7 of 19

Walkable Students can participate in before/ after school activities, known the kids in the neighborhood to be able to have strong relationships.

Ranked #11 of 19

Think about how equitable access will affect our students long term, not just what's convenient for parents

3.4  (3 
Ranked #12 of 19

Create a diverse school. This is how families who are interested in living in diversity come together.

What do people of color prefer? If they want a 5th ward school does that mean they want a school that would be mostly black?

3.3  (3 )
Ranked #14 of 19

Families choose schools A school may suit the schedule or be close to work for families
