

Gender Expansive and Transgender LEGO Event!

Saturday, November 12, from 9:30-11:00am

Come join us in our Community Room to meet up and play with LEGOs!

Gender expansive is defined as a range of gender expressions and identities including expanding beyond traditional gender identities or stereotypes. Gender expansive reinforces the notion that gender is not binary but a continuum and that many people express their gender in multiple ways.

This event is led by Beth Weiss, who facilitates over 500 LEGO workshops a year, and is open to all families with gender expansive or transgender youth, ages 5-12. Parents can join in or relax and talk in the company of other parents navigating a similar path. All youth must be accompanied by at least one parent/guardian.

Space is limited to 50 people, children must be ages 5-12.

Registration is required and begins on October 17.
